## RE: Homework projects

Dear Parents/Carers,

On the reverse of this letter, you will find the first set of homework tasks for your child as part of our new initiative. Thank you to everyone who attended the two meetings held in school yesterday and for the very positive feedback.

The school website has a link for the presentation given to parents yesterday in case you were unable to attend. Please visit [www.worksoppriory.org.uk](http://www.worksoppriory.org.uk) and click on the HOMEWORK button on the front page. This will explain what we are doing and how you can be involved.

Following the feedback from parents across both meetings, we have decided to make a few small changes for the first project. We will still be asking children to complete a minimum of 3 tasks in order to gain their initial reward and 5 tasks to have the additional treat. However, we are going to extend the timescale so that the final work does not need to be finished until November. We will then have a further project in January.

We would like children to bring in their project work on the week beginning 6<sup>th</sup> November so that we can have a Class Exhibition on Thursday 9<sup>th</sup> at 2.30pm-4pm. Children will be able to take their project work home again on Friday 10<sup>th</sup>, the day when the rewards and treats are given.

It is really important that you get in touch with your class teacher if there is anything you would like explaining, you would like some resources to help, you want to check that the quality of the work is good enough, or if there are any other concerns you or your child might have with the project.

We are sure that the children will be keen to impress and whilst project work is neither compulsory nor competitive, we are hoping that we will see some very high quality pieces of work.

Yours sincerely,

Mr Abbott  
Headteacher

## Autumn term homework project – Y5

You can choose to do as many or as few as you wish, but to gain the rewards, please complete at least 3 of the tasks below:

- ✓ Using vocabulary from the knowledge organiser, write a weeks-worth of diary entries for a Viking warrior
- ✓ Create your own Viking myth monster (*You can either draw/paint and label your monster, or even make a model*)
- ✓ Using 3D-layering techniques to create a picture of a Viking longboat at sea (*Linked to Knowledge Organiser, see Miss Cottingham for examples of what this might look like*)
- ✓ Make a Viking bread or desert using the recipe book link - <http://nvg.org.au/documents/other/vikingrecipes.pdf> (*An electronic link can be found on our Y5 blog page. Bring it in on Exhibition Day or take some photos of the finished product*)
- ✓ Make a Viking shield

We expect all children to take pride in their work and good presentation is therefore essential. Work should be neatly and carefully completed. Best handwriting and positive attitudes please! Written work will usually be completed in pencil but can be enhanced through the use of illustrations, borders, ICT or collage.

How can grown-ups help?

- Read through the instructions and discuss which activities your child might like to complete
- Encourage your child to talk to staff if ever unsure
- Check the end result for quality
- Ask questions
- Encourage reading
